

## William Ward to John Henry Eaton

Choctaw Agency Nov. 20th 1829

Sir

I advised you on the 4th Inst. that I had not then been able to get an answer to your communication of July 31st.

Since my last I have Recd. the inclosed letter from Col. David Folsom, I was not at home when it came to hand or it would have been forwarded to the Dept. sooner. I have no doubt but the letter alluded too is the hand write of Folsom but the Style is different from his usual way of writing.

Mingo Mushulatubbee has had a great Council and from what I learn there will not be much difficulty with a number of Indians removing next year, with proper management. I have the Honor to be very Respectfully your Obdt Servt.
